

ESHS Robotics Club

Who are we? 

P.O.T.A.T.O.E.S.

PEOPLE OF TOMORROW APPLYING THEIR OUTSTANDING ENGINEERING SKILLS

- ◆ A legendary club that builds high-functional robots through teamwork and companionship

PEOPLE OF TOMORROW APPLYING THEIR OUTSTANDING ENGINEERING SKILLS

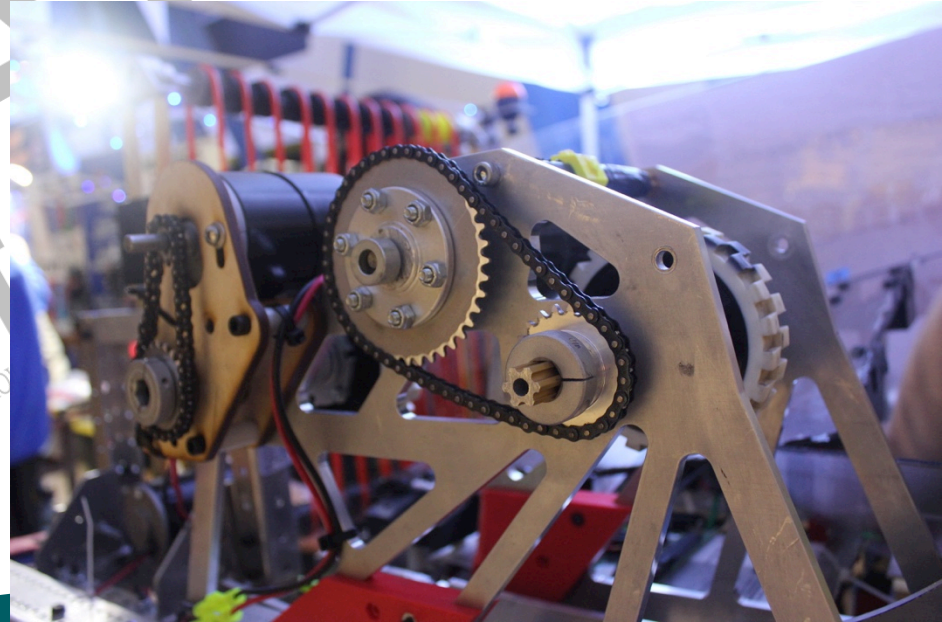

Who are we?

◆ We build robots through many competitions and programs including:

- VRC competition
- FRC competition
- Drone Club
- Computer Science Club

PEOPLE OF TOMORROW

What is VRC?

◆ Competition in which groups of 3-4 students fabricate a robot to accomplish a goal

What you will learn

- ◆ Building
- ◆ Programming
- ◆ 3D Modeling

P.O.T.A.T.O.E.S.

Perks

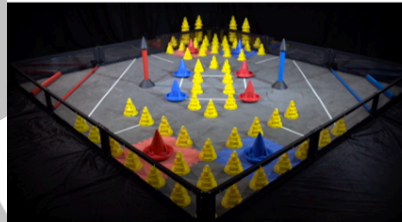

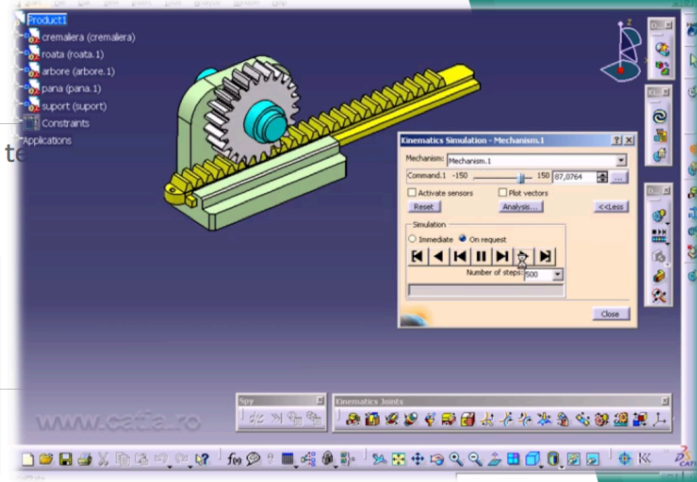

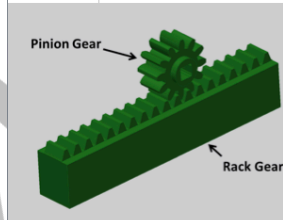

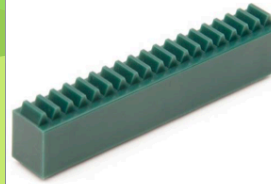

- ◆ Scholarships
 - 200 Scholarship Providers
 - \$50 Million Available Scholarships
- ◆ Internships
 - Higher chance of interning if you have experience
- ◆ Experience
- ◆ Prestige on college applications
- ◆ Obtain professional advice from dedicated mentors

Preview

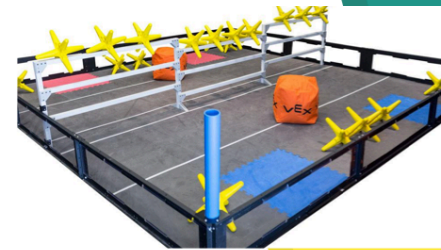

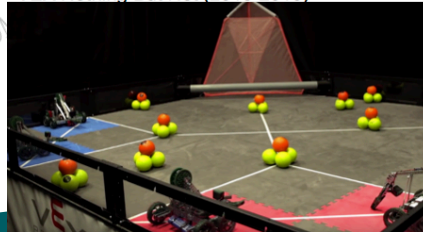

- ◆ RobotC is a programming language that your robot will mindlessly obey
- ◆ Learn robotics easily with our comprehensive & interactive slides w/ Kahoot competitions

Gear Rack

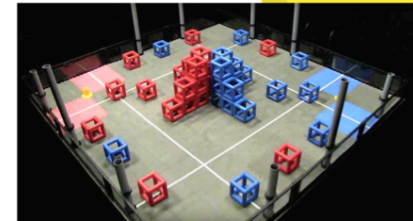

VEX In the Zone (2017-2018)

VEX Nothing But Net (2015-2016)

VEX StarStruck (2016-2017)

VEX SkyRise (2014-2015)

PEOPLE OF T

**“On our own, we are marshmallows and
dried spaghetti, but together we can
become something bigger.”**

- C.B. Cook

Join the vibrant ESHS Robotics community!

**Starting October
12, Thursday**
